Funding Needs Assessment

Introduction

The purpose of this form is to match your funding needs with available funding opportunities. The goal is to determine your fundable projects, prepare and submit strong grant applications, then secure support from your state and federal elected officials.

Please highlight/circle/indicate which category your project falls under.

Please answer the following questions on level of project political engagement.

- Have you had success in securing state and federal grant funds in the past?
- Have officials with your organization met with state/federal grant program officers either virtually or in-person?
- Have you met with your state and federal legislative delegations about your needs?
