Homeowner Application

Dear Homeowner: This application is for work that may be done during the 2025-2027 years, when volunteers will work to provide improvements to homes of qualifying residents who are unable to do the work themselves. Rebuilding Together is a non-profit organization supported entirely through financial contributions from the community and the support of volunteers.

Home safety is the first priority of Rebuilding Together. If your home is selected, volunteers will provide improvements that enhance the safety of your home. Because it is a one-day project, major structural repairs are not possible. Please understand that time may prevent the volunteers from accomplishing everything that you would like to have done.
